MRS. White
and Wasler

Stood me up in front of class and said, "you and these other football idiots are dumb for doing this because you are disrespecting the flag and the people who fought and died for our country." "You probably don't even know what your kneeling for."

Thursday

We had 2 substitutes because they were at another meeting but she told the class "While we are gone you are doing your work, being respectful to the teachers, and you are standing during the pledge of allegiance." then she told the teachers, "whoever is not standing put their name on the board and they will be sent down to the office." I didn't want to get sent down to the office so I pretended to tie my shoes. But I didn't realize MR. Stampone was in the room so when I pretended to tie my shoe he yelled, "get up right now, we aren't doing this childish bull crap that we did yesterday."

Friday

Mrs.

Mahoney

This day I did not stand and Mrs. Mahoney said she was gonna tell my mother.
